

Greetings,
Mister President,
Excellencies,
Ladies and Gentlemen,

My name is Christophe Barbey.

Regarding PP25

As representative of the Center for Global Nonkilling, I take the floor to fully and strongly support the statement made by IFOR opposing the deletion of the right to life (on the basis, not only that life is needed for peace, but that if there is no right to life all the other human rights are cancelled).

(...)

Regarding art 1

Universal declaration of human rights and the Covenant on civil and political rights both use “security of *persons*”. This language may help to distinguish what happens here in HRC than what is relevant to other forums. Therefore we suggest adding “of persons” after security.

Regarding art 2

We would like to add a phrase at the end. “States are encouraged to issue regular reports on the way they forward the progress of peace”.
